

AHC40122 - Certificate IV in Agriculture

DESCRIPTION

This qualification describes the skills and knowledge for supervisory/managerial job roles in the agriculture industry, including farm supervisor and farm team leader.

Individuals with this qualification perform tasks involving technical skills, problem-solving, and supervisory skills to operate, monitor, and improve the performance of agricultural systems and projects and may supervise staff.

This qualification applies to individuals with existing agriculture industry experience and technical skills and knowledge gained through training or employment, specifically in the agriculture industry.

Work must comply with health and safety and environmental regulations and legislation that apply to the workplace.

No licensing, legislative, or certification requirements apply to this qualification at the time of publication.

ELIGIBILITY/ENTRY REQUIREMENTS

To ensure you have the right skills and support to succeed in your course, a Language, Literacy, and Numeracy (LL&N) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

To gain entry into AHC40122 - Certificate IV in Agriculture, candidates are required to:

- undertake a Language, Literacy, and Numeracy (LLN) assessment to determine applicable support requirements;
- be fit, active, and able to function effectively in a tropical environment, as this is a physically demanding course; and
- students must have a work contract with an approved employer to undertake a traineeship.
