

AHCSS00074 Agricultural Chemical Skillset

DESCRIPTION

This skill set is suitable for people who use pesticides and agricultural chemicals with powered and hand-held application equipment, and who require chemical user accreditation. Successful completion of this skillset meets the requirements for National Chemical User Accreditation programs such as AusChem. If you require this accreditation, please discuss your options with the trainer or training coordinator.

ELIGIBILITY/ENTRY REQUIREMENTS

There are no eligibility or entry requirements for this Skillset according to the Training Package. However, students require literacy skills relevant to reading and interpreting chemical labels and Safety Data Sheets (SDSs), and numeracy skills for completing calibration calculations.

To ensure you have the right skills and support to succeed in your course, a Language, Literacy, and Numeracy (LL&N) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

DELIVERY DETAILS

Location(s)	Duration*	Study mode
Alice Springs Casuarina Katherine Other	2 days Fulltime Note: a third day may be scheduled for students requiring additional assistance.	Workshop, face-to-face, mix mode

ASSESSMENT

Assessments vary with each unit. You will be provided with an assessment guide.

Page 1 of 2

RECOGNITION OF PRIOR LEARNING (RPL)

RPL is a process that determines whether the skills, knowledge, and experience you've gained through your previous study, work, or life experience can count towards a vocational training qualification at CDU. For more information, [VET RPL](#).

RESOURCES

Students are issued with all learning resources required for this course.

STUDY AND CAREER PATHWAYS

On completion of this program, the units may be used in a wide range of relevant qualifications to aid in the completion of a full Certificate course.

PROGRAM CONTENT

This training program covers two (2) units of competency taken from the AHC Agriculture, Horticulture, Conservation and Land Management Training Package, which is recognised nationwide.

CORE UNITS

AHCCHM304	Transport and store chemicals
AHCCHM307	Prepare and apply chemicals to control pest, weeds and diseases

WITHDRAWING FROM A PROGRAM

You may withdraw from this program and receive, where relevant, a Statement of Attainment for all units of competency you have successfully completed.

SUPPORT SERVICES

The University supplies support for students in many areas, including Accommodation, Careers and Employability, Counselling, Disability Services, Student Advocacy, Indigenous Tutorial Support Services, International Student Support Services, Library Services, and VET Learner Support Services.

More information is available at [Student Support](#).
