

# VTP309 Dangerous Goods

## DESCRIPTION

This unit involves the skills and knowledge required to obtain a dangerous goods driver's licence to transport dangerous goods by road. The unit covers compliance with regulatory requirements but does not address all the skills and knowledge for the transportation of dangerous goods.

Achieving this unit of competency is a requirement for obtaining a licence. However, it is only one of several criteria for obtaining a dangerous goods driver's licence. Further industry-specific training will be required to satisfy legislative requirements to transport dangerous goods.

More information can be sourced from the regulator in each jurisdiction regarding other criteria that apply, which can vary between states and territories. Compliance with these requirements may be required nationally and/or in specific jurisdictions.

## ELIGIBILITY/ENTRY REQUIREMENTS

To ensure you have the right skills and support to succeed in your course, a Language, Literacy and Numeracy (LL&N) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

To gain entry into VTP309 Dangerous Goods candidates require:

- a current Northern Territory class C driver's licence – If seeking NT Worksafe Licence
- Students are required to wear appropriate work wear and enclosed shoes for this program.
- There are no formal entry requirements for these units. However, students will need to demonstrate an appropriate level of language, literacy and numeracy skills and knowledge to undertake a course at this level

## DELIVERY DETAILS

Location(s)	Duration*	Study mode
<ul style="list-style-type: none"><li>• Alice Springs</li><li>• Darwin</li><li>• Katherine</li><li>• Tennant Creek</li><li>• On Request (Please contact the team for further details)</li></ul>	Two (2) day course  Up to 12 participants per class	Face-to-face theory and practical training NT Worksafe Assessment
