

VTP456 Introduction to Cyber Security

DESCRIPTION

This course will give students the foundation knowledge in Networking and Python programming that will allow them the best opportunity to successfully participate in 22603VIC Certificate IV in Cyber Security Accredited course.

This course is being offered as part of an initiative between Charles Darwin University, the NT and Australian Governments to fund new training opportunities with a focus on people from diverse and non-IT backgrounds.

ELIGIBILITY/ENTRY REQUIREMENTS

To ensure you have the right skills and support to succeed in your course, a Language, Literacy and Numeracy (LL&N) evaluation helps identify any areas where you may need additional support to help you achieve your goals.
