

ZSCV002 Health and Safety Representative Training (HSR) 5-day course

DESCRIPTION

The purpose of this course is for you to acquire the knowledge and skills to enable you to exercise your powers to promote and ensure the health and safety of members of your work group.

By completing the Health & Safety Representative Initial 5-day program, HSRs will gain the powers to direct that unsafe work cease and issue provisional improvement notices if required.

It provides participants with the skills and knowledge to fulfil the Health & Safety Representative (HSR) role set down in Section 72 of the Workplace Health & Safety Act 2011.

- Interpreting the work health and safety (WHS) legislative framework
- Legislative obligations and duties of key parties
- Evolution of WHS in the workplace
- Terminology under the WHS framework and key concepts
- Role and function of state or territory regulators
- WHS consultation, representation and participation in the workplace
- Rights and protections of an elected HSR or deputy HSR
- Health and Safety Committee (HSC)
- Issue resolution, requirements and monitoring
- Identification and assessment of WHS hazards and risks
- Inspections, notifiable incidents and incident investigation
- Provisional improvement notices (PINs)

ELIGIBILITY/ENTRY REQUIREMENTS

Participants for this course are required to:

- Have essential fitness to participate.
- Wear enclosed footwear.
- Sufficient language, literacy, and numeracy skills to complete the course.

ASSESSMENT

The Northern Territory WorkSafe Regulator authorises Charles Darwin University to deliver Health and Safety Representative (HSR) training courses.

RESOURCES

Students are issued with a workbook and supplementary materials. A copy of the Work Health and Safety Act will be available during the course. After completion, each course participant will receive a digital version of the Work Health and Safety Act.

STUDY AND CAREER PATHWAYS

Health and Safety Representatives (HSR) are elected employees in organisations representing workers' health and safety interests in their workplace. This course will teach them their responsibilities and understand how the legislation works.
