NZ Citizens and Permanent Residents (non-humanitarian visa holders) **residing in Australia whilst undertaking a unit of study within a course** will be charged the FULL Band Rate (are not eligible for any FEE-HELP Programs or a discount)

NZ Citizens and Permanent Residents (non-humanitarian visa holders) **residing outside Australia whilst undertaking a unit of study within a course** will be charged the FULL TUITION Rate (are not eligible for any FEE-HELP Programs or a discount) - as by living overseas they are no longer considered a Commonwealth Supported Student

## 2010 FEES

Students must meet residency requirements to be considered Commonwealth-supported. **Unless students are assessed to be either a Pre-2010, pre-2009 or Pre-2008 student**, these fees are applicable to all Commonwealth-supported students commencing an undergraduate course and selected postgraduate by coursework programs in 2010.

The reduced maximum student contribution amount for units of study in mathematics, statistics and science applies to all students who commence their course of study on or after 1 January 2009, regardless of the course of study.

It also applies to continuing students who commenced before 2009 in a **non-Natural and Physical Sciences (non-NPS)** course of study, did not complete that course of study and, on or after 1 January 2009, transfer to a Natural and Physical Sciences (NPS) course of study.

From 1 January 2010, the maximum annual student contribution amount for commencing Commonwealth supported students undertaking education and nursing units of study will be increased from the 'national priority' rate to the band 1 rate.

The increased maximum annual student contribution amounts affect only students who commence their course of study at a higher education provider on or after 1 January 2010.

Existing students will continue under existing arrangements (pre-2010 students).

## pre-2008 FEES

Students who, before 1 January 2008, commenced a course of study as 'contributing' students, are to be treated as pre-2008 HECS students if they have not discontinued their enrolment in the course since that commencement or completed the requirements for the course.

**Pre-2008 students retain this student status until 31.1.2012 - after that date their fees will be the same as students commencing a course in 2013.**

Students are not taken to have discontinued their enrolment if they have:

- taken a leave of absence with written approval from the University;
- transferred in 2008 into another course of study at the same level (i.e. undergraduate or postgraduate level) with the same provider or another provider;
- enrolled in a cross-institutional programme at a host provider;
- enrolled in an honours course of study in 2008 after having completed the related pass course in 2007;
- or in 2007, undertaken an enabling course as an exempt student and, the following year, enrolled in the course of study to which the enabling course relates as a Commonwealth supported student
