Summary
There is an increase of twenty days over the previous schedule, although these continue to occur in the same four blocks. Unit codes titles remain the same.
The number of professional experience days in the (previous) Bachelor of Teaching and Learning Pre-services remains at 140.

Supervision of External Professional Experience Students
The School of Education will be implementing measures to further support external students undertaking professional experience in schools. This will involve lecturers working with students through a variety of online measures to provide a point of contact between CDU, the student and the School. The first trial will commence in semester one 2013.
