8 April 2013

Dear Education Students

RE: NATIONAL PROGRAM STANDARDS UPDATE

On 18 March, a bulletin was posted regarding meeting national program standards of 3.1 and 3.2 for literacy and numeracy, which detailed that an online maths task would be available to students on 8 April.

Due to technical difficulties the task has been delayed until 22 April.

Further information regarding the online maths task will be available closer to the date.

Further Inquiries
Please do not hesitate to make further inquiries about meeting AITSL Program Standards 3.1 and 3.2.
