

VTP192 Test and Tag

DESCRIPTION

This VTP192 is designed for people wishing to undertake the testing, tagging and reporting of portable/ hand held low voltage electrical equipment using a portable appliance tester (PAT). These competencies are in addition to competencies already gained in the relevant field to which the electrical work is incidental or a primary and regular function of the work. Learners will be developing skills in working safely on portable/hand held electrical equipment, using the portable appliance tester, testing electrical equipment as per Australian Standard AS/NZS 3760.

ELIGIBILITY/ENTRY REQUIREMENTS

There are no entry requirements to this qualification.

It is advised to have a moderate level of language, literacy and numeracy to undertake this course, an assessment will determine support needs.

DELIVERY DETAILS

Location (s)	Duration	Study mode
Casuarina Alice Springs	2.5 Days	Face to face
