

AHC40920 Certificate IV in Conservation and Ecosystem Management

DESCRIPTION

This qualification has the practical skills and theoretical knowledge required for specialised or skilled work in the conservation and ecosystem management industry.

The qualification provides for advanced skills and/or supervisory roles in a broad range of conservation and ecological work or can focus on areas of specific needs including:

- supervisory and management
- indigenous land management
- ecosystem management
- pest controller
- fire management.

ELIGIBILITY/ENTRY REQUIREMENTS

To gain entry into AHC40920 Certificate IV in Conservation and Ecosystem Management it is advisable students either:

- Complete AHC31420 Certificate III in Conservation and Ecosystem Management or a relevant qualification; or
- Be employed within the conservation industry.

To ensure you have the right skills and support to succeed in your course, a Language, Literacy and Numeracy (LL&N) evaluation helps identify any areas where you may need additional support to help you achieve your goals.
