

ICT30120 Certificate III in Information Technology

DESCRIPTION

This qualification reflects the role of individuals who are competent in a range of Information and Communications Technology (ICT) roles, including animation, basic cloud computing, basic cyber awareness, digital media skills, generalist IT support services, networking, programming, systems and web development.

Individuals who work in these fields apply broad sets of skills, including foundational knowledge in critical thinking and customer service skills, to support a range of technologies, processes, procedures, policies, people and clients in a variety of work contexts.

ELIGIBILITY/ENTRY REQUIREMENTS

There are no entry requirements into ICT30120 Certificate III in Information Technology however the preferred pathways for candidates considering this qualification may include:

- Completion of ICT20120 Certificate II in Applied Digital Technologies, or other relevant qualifications.
- Demonstrated vocational experience in a range of work environments using information technologies.

Students attend a pre-enrolment interview with the lecturer to determine if they have the required LLN and Digital Literacy skills to successfully engage in the qualification and that the course selection is suitable.

To ensure you have the right skills and support to succeed in your course, a Language, Literacy and Numeracy (LL&N) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

DELIVERY DETAILS

Study mode	Duration	Location (s)
Face-to-face workshops	This program is delivered over a period of two (2) teaching periods on a full-time basis.	Casuarina campus
Distance learning with face-to-face workshops at designated location	This program is delivered over a period of four (4) teaching periods on a part-time basis.	Online and face to face Regional NT (Alice Springs and other locations as available)

* Duration will vary depending upon how long a student takes to reach the required competency level.

2022 FEES

The 2022 indicative fee for this course is \$1,645.00 for eligible students and receive an NT Domestic Subsidised place or \$9,400.00 for Domestic Full fee places. Actual fees will vary according to your choice of units.

Please note: A limited number of NT Government subsidy places are available for eligible NT domestic students, so contact us now to secure your place for 2022.

Fees are subject to change annually. Indicative government-subsidised and full course fees are shown on this document. For further clarification and information on fees, payment options, instalment plans, and refunds, contact CDU on 1800 061 963 or refer to [VET Fees and Payments](#).

ASSESSMENT

Assessments vary with each unit. You will be provided with an assessment guide.

RECOGNITION OF PRIOR LEARNING (RPL)

RPL is a process that determines whether the skills, knowledge and experience you've gained through your previous study, work or life experience can count towards a vocational training qualification at CDU. For more information, [VET RPL](#).

RESOURCES

Students are provided learning and assessment materials via email or online login.

Hardware

When at a CDU campus all hardware required is on-site.

When you are studying away from campus then the following hardware is recommended.

- Desktop or laptop
 - Minimum specifications for the device
 - Operating System – One you are comfortable with. Commonly Windows 10 or 11 64-bit
 - Processor – 2GHz or faster (higher the better)
 - Memory/RAM – 8GB
 - Graphics Processor (GPU) – 4GB
 - Hard Disk/Storage – 256GB
- 2 monitors (desktop with 2 monitors or laptop with one (or two) externally connected monitor/s)
- Internet access
- Headphones (with microphone)
- Microphone to interact with the classroom
- USB stick

Software

All software is provided when on campus via CDU devices

When away from campus it is advised you have access to the following software.

- Packet Tracer (via netacad account login)
- Atom text editor
- Pixlr (free) or Adobe cloud Education edition. Adobe offers several packages and pricing options.

STUDY AND CAREER PATHWAYS

Further training pathways from this qualification include but are not limited to ICT40120 Certificate IV in Information Technology.

Possible occupations relevant to this qualification include:

- Help desk assistant/officer
- ICT operations/user support
- PC support
- Technical support

QUALIFICATION CONTENT

To achieve ICT30120 Certificate III in Information Technology a total of twelve (12) units of competency must be completed comprising six (6) core and six (6) elective units as detailed in the packaging rules and listed below. The electives offered may vary between campuses.

CORE UNITS

BSBCRT301	Develop and extend critical and creative thinking skills
BSBXCS303	Securely manage personally identifiable information and workplace information
BSBXTW301	Work in a team
ICTICT313	Identify IP, ethics and privacy policies in ICT environments
ICTPRG302	Apply introductory programming techniques
ICTSAS305	Provide ICT advice to clients

ELECTIVE UNITS

ICTNWK308	Determine and action networking problems
ICTICT302	Install and optimise operating system software
ICTSAS310	Install, configure and secure a small office or home office network
ICTWEB304	Build simple web pages
ICTWEB305	Produce digital images for the web
ICTICT309	Create ICT user documentation

WITHDRAWING FROM A QUALIFICATION

You may withdraw from this qualification and receive, where relevant, a Statement of Attainment for all units of competency you have successfully completed.

SUPPORT SERVICES

The University supplies support for students in many areas, including Accommodation, Careers and Employability, Counselling, Disability Services, Student Advocacy, Indigenous Tutorial Support Services, International Student Support Services, Library Services, and VET Learner Support Services.
