

VTP348 Licence to Perform Dogging

DESCRIPTION

This unit specifies the skills and knowledge required to safely perform dogging work. Dogging consists of the application of slinging techniques to move a load, including the selection and inspection of lifting gear, and the directing of a plant operator in the movement of a load when the load is out of sight of the operator.

Dogging work is conducted in the construction industry and other industries where loads are lifted and moved using cranes or hoists.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of CPCCWHS1001 Prepare to work safely in the construction industry meets this requirement.

Competence in this unit does not in itself result in a licence. A licence is obtained after competence is assessed under applicable Commonwealth, State or Territory work health and safety (WHS) regulations.

ELIGIBILITY/ENTRY REQUIREMENTS

To gain entry into VTP348 Licence to Perform Dogging candidates are required to be:

- 18 years old to obtain a NT Worksafe licence
- Students are encouraged to hold a current NT Worksafe Licence Elevated Work Platform ticket and/or a Working Safely at Heights Statement of Attainment.
- At the point of entry to this short course the AQF level is expected to be at level 3
- Achievement of CPCCWHS1001 Prepare to work safely in the construction industry

To ensure you have the right skills and support to succeed in your course, a Language, Literacy and Numeracy (LL&N) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

Sometimes it is considered that the student's needs are better met by enrolling in other units of competency prior to enrolling in the Dogging course. Students may be encouraged to enrol in preparatory VET course as listed below:

- RIIWHS204E Work safely at heights,
- RIIWHS202E Enter and work in confined spaces,
- TLILIC0005 Licence to operate a boom type elevated work platform.

DELIVERY DETAILS

Location (s)	Duration	Study mode
Casuarina Katherine Tennant Creek Alice Springs	5 Day intensive course Training and assessment for up to 10 participants.	Face to face delivery with theory and practical training and assessment to NT Worksafe requirements

2022 FEES

This program has a total of 80 hours, and thus the program cost is fixed at \$1,000.00.

Fees are subject to change annually. Indicative government-subsidised and full course fees are shown on this document. For further clarification and information on fees, payment options, instalment plans, and refunds, contact CDU on 1800 061 963 or refer to [VET Fees and Payments](#).

ASSESSMENT

Assessments are completed during classroom sessions under a simulated workplace environment. Assessments include demonstrations, observation, questions and answers according to NT Worksafe requirements.

RECOGNITION OF PRIOR LEARNING (RPL)

RPL is a process that determines whether the skills, knowledge and experience you've gained through your previous study, work or life experience can count towards a vocational training qualification at CDU. For more information, [VET RPL](#).

RESOURCES

Students are issued with resource books and student workbooks for the unit undertaken.

STUDY AND CAREER PATHWAYS

Further training pathways from this program include but are not limited to Certificate III qualifications within the CPC Training Package.

PROGRAM CONTENT

This training program covers one (1) unit of competency taken from the CPC Training Package which is recognised nationwide.

CORE UNITS

CPCCLDG3001	Licence to perform dogging
