

TLI30321 Certificate III in Supply Chain Operations

DESCRIPTION

This is a qualification for those engaged in supply chain operations and includes specialisations for logistics and warehousing operations.

It involves a defined range of skilled operations, usually within a range of broader related activities involving known routines, methods and procedures, where some discretion and judgement is required in selecting equipment, services or contingency measures within known time constraints. It may also include responsibility for coordinating the work of others.

Successful achievement of the licensing units within the qualification must align with applicable licensing and regulatory requirements.

ELIGIBILITY/ENTRY REQUIREMENTS

To ensure you have the right skills and support to succeed in your course, a Language, Literacy, Numeracy and Digital Literacy (LLND) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

To gain entry into TLI30321 Certificate III in Supply Chain Operations candidates are required:

- To be an Apprentice who has entered a Training Contract with their employer and Australian Apprenticeship Support Network NT.
