

AHCSS00074 Agricultural Chemical Skill Set

DESCRIPTION

This skill set is suitable for people who use pesticides and agricultural chemicals with powered and hand-held application equipment, and who require chemical user accreditation.

Successful completion of this skillset meets the requirements for National Chemical User Accreditation programs such as AusChem. If you require this accreditation, please discuss your options with the trainer or training coordinator.

ELIGIBILITY/ENTRY REQUIREMENTS

There are no eligibility or entry requirements for this Skillset according to the Training Package. However, students will require relevant literacy skills for reading and interpreting chemical labels and Safety Data Sheets (SDSs), and numeracy skills for completing calibration calculations.

A Language, Literacy, Numeracy and Digital Literacy (LLND) evaluation helps identify any areas where you may need additional support to help you achieve your goals.
