

VTP360 Restricted Electrical

DESCRIPTION

This program is designed for people wishing to locate and rectify faults in electrical equipment after disconnecting the equipment from low voltage (1,000 Vac or 1,500 Vdc) installation wiring. This work may be incidental to or a primary and regular function in the workplace.

Students will be developing skills in working safely, selecting and using test and measuring devices, identifying supply arrangements, following isolation and correct disconnection procedures, locating and rectifying faults, following reconnection procedures, terminating and connecting cables and conductors, safety testing and reporting.

ELIGIBILITY/ENTRY REQUIREMENTS

A Language, Literacy, Numeracy and Digital Literacy (LLND) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

To gain entry into VTP360 Restricted Electrical candidates require:

- You will be required to apply for an “Electrical Trainee Permit” from the Electrical Safety Regulator within NT WorkSafe, the permit will identify the elective units of competency required by the Electrical Safety Regulator to enable successful completion and the issuing of a restricted electrical licence.
- Either be in relevant employment or have access to appropriate workplace environments to achieve the completion requirements of this course.

DELIVERY DETAILS

Location(s)	Casuarina, Alice Springs
Duration*	5 days full-time
Study mode ^^	Face-to-face

* Duration may vary depending on how long a student takes to reach the required competency level.

^ Course timetable will be provided on application for the course.

^^ Information relating to study modes can be found in the 2026 TAFE Student Guide

This course is scheduled based on demand. Please contact the delivery team for more information.

FEES

Fee Type	2026 Course Fees
NT Government supported*	\$539.00 (Regional and Remote only)

A decorative graphic in the top left corner consisting of two overlapping circles, one green and one red, with a blue line looping around them.

Full Fee	\$1,933.40
----------	------------

This course is supported by the NT Government for [eligible](#) domestic students who are NT residents.

*For Regional and Remote-only supported courses, the delivery location of the course needs to be listed on the NTG's Delivery allowance for VET-funded programs with regional or remote as the location category to be [eligible](#). A limited number of NT government-supported places are available, so secure your place now.

Fees shown are indicative and subject to change annually. Actual course fees may vary depending on the units chosen. For International non-student visa-holders; study eligibility needs to be verified before enrolment. Fees may vary depending on the visa type. The course fee rates will vary for commercial contract arrangements.

For further clarification and information on fees, fee exemptions, payment options, instalment plans, and refunds, contact CDU on 1800 061 963 or refer to [TAFE Fees and Payments](#)

ASSESSMENT

Skills and knowledge assessments are an essential step in progressing through your course. You may be assessed in a number of ways including written assessment, questioning, portfolios, work samples, direct observation, practical assessments and third-party feedback.

Throughout your course you will receive information about assessments including how, when and where assessments will be conducted.

RECOGNITION OF PRIOR LEARNING (RPL)

RPL is a process that determines whether the skills, knowledge and experience you've gained through your previous study, work or life experience can count towards a vocational training qualification at CDU. For more information, [VET RPL](#).

CREDIT TRANSFER (CT)

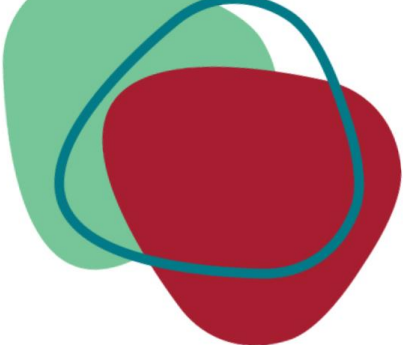

Charles Darwin University as a Registered Training Organisation recognises the Australian Qualifications Framework qualifications and Statement of Attainments issued by any other Australian Registered Training Organisation (RTO).

Students are encouraged to submit any requests for credit from previous studies at the time of enrolment, to ensure they are not enrolling in units they may not need to undertake.

RESOURCES

Students will have 24/7 access to assessments and learning resources on Learnline, CDU's online learning platform. Before you can start using Learnline, you'll need to make sure that your computer has the correct setup. For more details: <https://www.cdu.edu.au/current-students/services/learnline>

Students are supplied with learning resources for this unit.

STUDY AND CAREER PATHWAYS

Further training pathways from this course include, but are mainly limited, to other restricted electrical licenses.

Possible job titles relevant to this qualification include:

- Restricted Electrical License - Disconnect/Reconnect and Fault Find (Basic)
- Restricted Electrical License - Disconnect/Reconnect and Fault Find (Water Heaters)
- Restricted Electrical License - Disconnect/Reconnect and Fault Find (Industrial and Control)

PROGRAM CONTENT

This training program covers five (5) units of competency taken from the UEE Electrotechnology Training Package Training Package, which is recognised nationwide.

UNITS

UEECD0007	Apply work health and safety regulations, codes and practices in the workplace
UEERL0001*	Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply <i>*pre-requisite unit – UEECD0007 Apply work health and safety regulations, codes and practices in the workplace</i>
UEERL0002*	Attach cords, cables and plugs to electrical equipment for connection to 1000 V ac. or 1500 V dc <i>*pre-requisite unit – UEERL0001 Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply</i>
UEERL0004*	Disconnect - reconnect electrical equipment connected to low voltage (LV) installation wiring <i>*pre-requisite unit – UEECD0007 Apply work health and safety regulations, codes and practices in the workplace</i>
UEERL0005*	Locate and rectify faults in low voltage (LV) electrical equipment using set procedures <i>*pre-requisite unit – UEECD0007 Apply work health and safety regulations, codes and practices in the workplace</i> <i>*pre-requisite unit – UEERL0004 Disconnect - reconnect electrical equipment connected to low voltage (LV) installation wiring</i>

WITHDRAWING FROM A PROGRAM

You may withdraw from this program and receive, where relevant, a Statement of Attainment for all units of competency you have successfully completed.

SUPPORT SERVICES

The University provides support for students in many areas, including Accommodation, Careers and Employability, Counselling, Disability Services, Financial Support Services, Student Advocacy, Indigenous Tutorial Support Services, International Student Support Services, Library Services, and VET Learner Support Services.

More information is available at [Student Support - Life, Health and Wellbeing](#)
