

VTP466 Low Voltage Rescue

DESCRIPTION

This course provides participants with the skills to manage common first aid situations that can arise in an electrical services industry environment, including rescue from low voltage panels.

The application of the skills and knowledge described in this unit may require a licence/registration to practice in the workplace.

ELIGIBILITY/ENTRY REQUIREMENTS

A Language, Literacy, Numeracy and Digital Literacy (LLND) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

To gain entry into VTP466 Low Voltage Rescue, candidates require:

- To be employed as electricians and others employed in the electrical services industry.
- Must have completed Pre-requisite units for UETDRMP007:
 - o HLTAID009 Provide cardiopulmonary resuscitation, and,
 - O UEECD0007 Apply work health and safety regulations, codes and practices in the workplace
 - UETDREL006 Work safely in the vicinity of live electrical apparatus as a non-electrical worker (CDU do not deliver)

DELIVERY DETAILS

Location(s)	Nhulunbuy
Duration*	1 day
Study mode ^^	Face-to-face, simulated workplace

^{*} Duration may vary depending on how long a student takes to reach the required competency level.

FEES

Fee Type	2026 Course Fees
NT Government Supported*	\$38.50* (Regional and Remote only)
Flat Fee	\$260.00

Page 1 of 3

^{^^} Course timetable will be provided on application for the course.

^{^^}Information relating to study modes can be found in the 2026 TAFE Student Guide

This course is supported by the NT Government for eligible domestic students who are NT residents.

*For Regional and Remote-only supported courses, the delivery location of the course needs to be listed on the NTG's Delivery allowance for VET-funded programs with regional or remote as the location category to be eligible. A limited number of NT government-supported places are available, so secure your place now.

Fees shown are indicative and subject to change annually. Actual course fees may vary depending on the units chosen. For International non-student visa-holders; study eligibility needs to be verified before enrolment. Fees may vary depending on the visa type. The course fee rates will vary for commercial contract arrangements.

For further clarification and information on fees, fee exemptions, payment options, instalment plans, and refunds, contact CDU on 1800 061 963 or refer to <u>TAFE Fees and Payments</u>

ASSESSMENT

Skills and knowledge assessments are an essential step in progressing through your course. You may be assessed in a number of ways including written assessment, questioning, portfolios, work samples, direct observation, practical assessments and third-party feedback.

Throughout your course you will receive information about assessments including how, when and where assessments will be conducted.

RECOGNITION OF PRIOR LEARNING (RPL)

RPL is a process that determines whether the skills, knowledge and experience you've gained through your previous study, work or life experience can count towards a vocational training qualification at CDU. For more information, <u>VET RPL.</u>

CREDIT TRANSFER (CT)

Charles Darwin University as a Registered Training Organisation recognises the Australian Qualifications Framework qualifications and Statement of Attainments issued by any other Australian Registered Training Organisation (RTO).

Students are encouraged to submit any requests for credit from previous studies at the time of enrolment, to ensure they are not enrolling in units they may not need to undertake.

RESOURCES

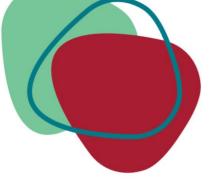

Students are issued with resources for this course.

STUDY AND CAREER PATHWAYS

Further training pathways from this program include but are not limited to qualifications from the Construction, Plumbing and Services Training Package.
