

WRITTEN FEEDBACK FOR PRESERVICE TEACHERS

Written Feedback could include:

- Establish clear expectations of behaviour for a safe learning environment for students.
- Model positive interactions with students and colleagues.
- Manage and materials, resources and physical space of the classroom to ensure a safe and challenging environment for learning.
- Work within the professional, legal and ethical framework expected of all teachers and maintain appropriate professional relationships with students.
- Work co-operatively and purposefully with colleagues and other professionals who share responsibility for the learning and welfare of their students.
- Model curiosity and enthusiasm for learning
- Access and use teaching and learning resources and technologies to support student learning.
- Use effective communication skills to communicate with students and colleagues.
- Design lesson which intergrate a range of activities, resources, and materials to support learning, including the use of ICT.
- Plan learning sequences which are consistent with curriculum statements, frameworks and assessment structures commonly used in schools.
