

To celebrate International Nurses Day, and International Year of the Nurse and Midwife, the College of Nursing and Midwifery at Charles Darwin University in collaboration with NT Health presents:

You can't ask that! Nurses Edition

Hear from the College Dean, Professor Catherine Turner (AM) and the Chief Nursing and Midwifery Officer – NT Health, Adjunct Professor Sue Hawes about 'Making a difference: collaboration across education and health service sectors' and what nurses can aspire to achieve together.

Following a brief introduction, questions submitted will be answered. "You can't ask that..." Is an ideal opportunity to ask about all those things you've always wanted to know. We encourage you to be brave and ask away – no question is too silly or off limits.

To allow preparation and the smooth running of the webinar, please email your question/s to:
CONMcommunications@cdu.edu.au.

Please indicate if you wish to remain anonymous when your question is answered or if you are happy for the audience to know your first name. Please submit any and all questions (don't be shy!) by 1600hrs (CST) on 8th May 2020.

Webinar Event

Tuesday, 12th May 2020

1130 (CST). 1200 (EST). 1000 (WST)
