

Stella Jasmine

I am a team player, enthusiast, adaptable, creative-minded, digitally literate, and a continuous learner. I wish to connect current international and local students with more fun, free student events to grow and learn together to match their skills to their job markets. I propose newly enrolled students on a 1-day campus tour and a 1-day Darwin city tour.

Further, provide quarterly online Zoom sessions for all future and current students regarding relevant upskill like building an exciting Resume/CV, what to bring moving to Darwin, essential study tips, making creative posts on social media, employability, etc.
