

# Wade Charles

It is essential an SRC candidate recognises the varied contributions such a diverse student and staff population brings to CDU.

When nominating for the SRC of 2023, I questioned, "How can I make a meaningful difference?".

Recognising and promoting the benefits the on-line learning and collaborating space has brought us and is continued growth, following a disrupted number of years, I intend to give voice to the student population enabling and furthering a range of activities, programs, seminars, social gatherings and events to enable us to grow as individuals, and collectively.

I will explore the expansion of the "CDU Rewards Discount Program", to include a variety of Territory based, and online retailers, tourism, accommodation, childcare and other service providers suggested by the student body.
