Required Pre-Placement Clearances

All students are required to obtain clearances prior to any placement in a setting with children. Please use this document to identify and complete the specific requirements prior to your placements.

State and Territory requirements frequently change and students are responsible for ensuring they have the required, valid and up to date clearances. Please ensure that you lodge all clearance applications as early as possible as these can sometimes take months to process. Copies of all certificates and screenings **must be submitted** to Inplace for verification.

For clearances not listed on the Inplace website, you must submit these to the InSchool Office prior to the confirmation of a placement. Please send scanned copies to InSchool@cdu.edu.au. Please ensure that your uploaded or scanned copies are only in the following formats: Word Docs, PDFs, JPEG. Any other file formats will not be accepted. You can access Inplace through your CDU student portal.

Students are required to have submitted their pre-placement requirements within 14 days after census or they will not be eligible for placement and may face academic penalty for the unit if these requirements are not met.

Applying for Teacher Registration

During your final semester of study, you may begin to prepare your registration documents to register as a teacher in South Australia. Pre-organising your documents with the Teacher's Registration Board of South Australia means that once you finish your degree with CDU, the registration process can occur much more efficiently. To do this, you will need to:

- 1. View the TRB SA Website and registration requirements https://www.trb.sa.edu.au/registration and follow the registration process.
- 2. Organise the relevant documents required for registration.
- 3. Proceed to submit your application, pending your final transcript.
- 4. Please note that all graduates seeking registration will require successful completion of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE).

LANTITE: Literacy and Numeracy Tests

The Australian Government has introduced a Literacy and Numeracy Test for Initial Teacher Education students (LANTITE), effective from 2016. From 1 July, 2016, Initial Teacher Education students across Australia will need to successfully meet the approved national literacy and numeracy benchmark (LANTITE) prior to completing their course.

It is designed to assess initial teacher education students' personal literacy and numeracy skills. This is measured through an online assessment tool administered by the Australian Council for Educational Research (ACER). The Test involves two separate tests, one for **Literacy** and one for **Numeracy**. Successful completion of **both** tests is required to graduate.

Please make sure that you view the LANTITE LearnLine site for extensive resources and self-study materials.

Support for Students in Regional Locations

The Australian Government has funded Regional Study Hubs across South Australia, and in fact Australia, to support the study of regional university students. As a university student located in any one of the following areas, you have free access to the resources available at your local hub. The hubs provide different types of resources and support, and so we encourage you to register with your local hub and enquire about the resources available to you. More generally, you will have access to computing and internet access, video conferencing and study spaces.
