Student-Led Midwifery Clinic

Continuity of antenatal and postnatal midwifery care

Would you like midwifery care in a local clinic?

Our midwifery students are directly supervised by experienced endorsed midwives, who have extensive expertise in providing care through pre- and post-birth.

What we offer?

Routine care:

- > Ordering and review of relevant blood tests and ultrasounds during your pregnancy

If you are experiencing complexities in your pregnancy, such as gestational diabetes, the midwife will:

You can still attend the student-led clinic to complement your care.
