## Student Orientation Experience

*"The best aspect of Orientation was getting familiar with the university environment, learning about student support services, meeting other studdents and understanding the course expectations before classes start"*

*"My favorite part was the Faculty connection day when the lecturers discussed about the academic and career outcomes "*

*"I liked the friendly and welcoming environment, I gained much confidence to study after attending Orientation"*

*"I learned about how to use the student portal and how we contact Student Central if we need help"*

*"I had opportunities to meet my classmates and Faculty members, as well as learn from them"*
