

ICT30120 Certificate III in Information Technology

DESCRIPTION

This qualification reflects the role of individuals who are competent in a range of Information and Communications Technology (ICT) roles, including animation, basic cloud computing, basic cyber awareness, digital media skills, generalist IT support services, networking, programming, systems and web development.

Individuals who work in these fields apply broad sets of skills, including foundational knowledge in critical thinking and customer service skills, to support a range of technologies, processes, procedures, policies, people and clients in a variety of work contexts.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

This course can be undertaken as a traineeship. Visit TAFE Apprenticeships and Traineeships for more information.

ELIGIBILITY/ENTRY REQUIREMENTS

There are no entry requirements into ICT30120 Certificate III in Information Technology however the preferred pathways for candidates considering this qualification may include:

- Completion of ICT20120 Certificate II in Applied Digital Technologies, or other relevant qualifications.
- Demonstrated vocational experience in a range of work environments using information technologies.

To ensure you have the skills and support needed to study this course, all applicants are required to complete a Language, Literacy, Numeracy and Digital Literacy (LLND) evaluation.

ASSESSMENT

Skills and knowledge assessments are an essential step in progressing through your course. You may be assessed in a number of ways including written assessment, questioning, portfolios, work samples, direct observation, practical assessments and third-party feedback.

Throughout your course you will receive information about assessments including how, when and where assessments will be conducted.

RECOGNITION OF PRIOR LEARNING (RPL)

RPL is a process that determines whether the skills, knowledge and experience you've gained through your previous study, work or life experience can count towards a vocational training qualification at CDU. For more information, [VET RPL](#).

CREDIT TRANSFER (CT)

Charles Darwin University as a Registered Training Organisation recognises the Australian Qualifications Framework qualifications and Statement of Attainments issued by any other Australian Registered Training Organisation (RTO).

Students are encouraged to submit any requests for credit from previous studies at the time of enrolment, to ensure they are not enrolling in units they may not need to undertake.

RESOURCES

Students will have 24/7 access to assessments and learning resources on Learnline, CDU's online learning platform. Before you can start using Learnline, you'll need to make sure that your computer has the correct setup. For more details: <https://www.cdu.edu.au/current-students/services/learnline>
For more details: <https://www.cdu.edu.au/current-students/services/learnline>.

Students are provided access to Brambling server upon the course commencement.

Hardware

When at a CDU campus all hardware required is on-site.

When you are studying away from campus then the following hardware is recommended.

- Desktop or laptop
 - Minimum specifications for the device
 - Operating System – One you are comfortable with. Commonly Windows 10 or 11 64-bit
 - Processor – 2GHz or faster (higher the better)
 - Memory/RAM – 8GB
 - Graphics Processor (GPU) – 4GB
 - Hard Disk/Storage – 256GB
- 2 monitors (desktop with 2 monitors or laptop with one (or two) externally connected monitor/s)
- Internet access
- Headphones (with microphone)
- Microphone to interact with the classroom
- USB Drive (minimum 4GB)

Software

All software is provided when on campus via CDU devices.

When away from campus it is advised you have access to the following software.

- Packet Tracer (via netacad account login)
- Microsoft Visual Studio Code
- The latest version of Python

STUDY AND CAREER PATHWAYS

Further training pathways from this qualification include but are not limited to ICT40120 Certificate IV in Information Technology.

Possible occupations relevant to this qualification include:

- | | |
|---|--------------------------------|
| • IT Technician | • Client Support Officer (ICT) |
| • Help Desk Officer | • User Support Specialist |
| • Customer Service Representative (ICT) | • |

QUALIFICATION CONTENT

To achieve ICT30120 Certificate III in Information Technology, a total of TWELVE (12) units of competency must be completed, comprising six (6) core and six (6) elective units as detailed in the packaging rules and listed below. The electives offered may vary between campuses.

CORE UNITS

BSBCRT301	Develop and extend critical and creative thinking skills
BSBXCS303	Securely manage personally identifiable information and workplace information
BSBXTW301	Work in a team
ICTICT313	Identify IP, ethics and privacy policies in ICT environments
ICTPRG302	Apply introductory programming techniques
ICTSAS305	Provide ICT advice to clients

ELECTIVE UNITS

Group F IT Work Ready Skills	
ICTICT309	Create ICT user documentation
Group I Systems	
ICTICT317	Maintain standard operating environments
ICTSAS310	Install, configure and secure a small office or home office network
Group G Networking	
ICTNWK308	Determine and action network problems
Group J Web Development	
ICTWEB304	Build simple web pages
ICTWEB305	Produce digital images for the web

WITHDRAWING FROM A QUALIFICATION

You may withdraw from this qualification and receive, where relevant, a Statement of Attainment for all units of competency you have successfully completed.

SUPPORT SERVICES

The University provides support for students in many areas, including Accommodation, Careers and Employability, Counselling, Disability Services, Financial Support Services, Student Advocacy, Indigenous Tutorial Support Services, International Student Support Services, Library Services, and VET Learner Support Services.
