

# THE COLLUSION CAPER

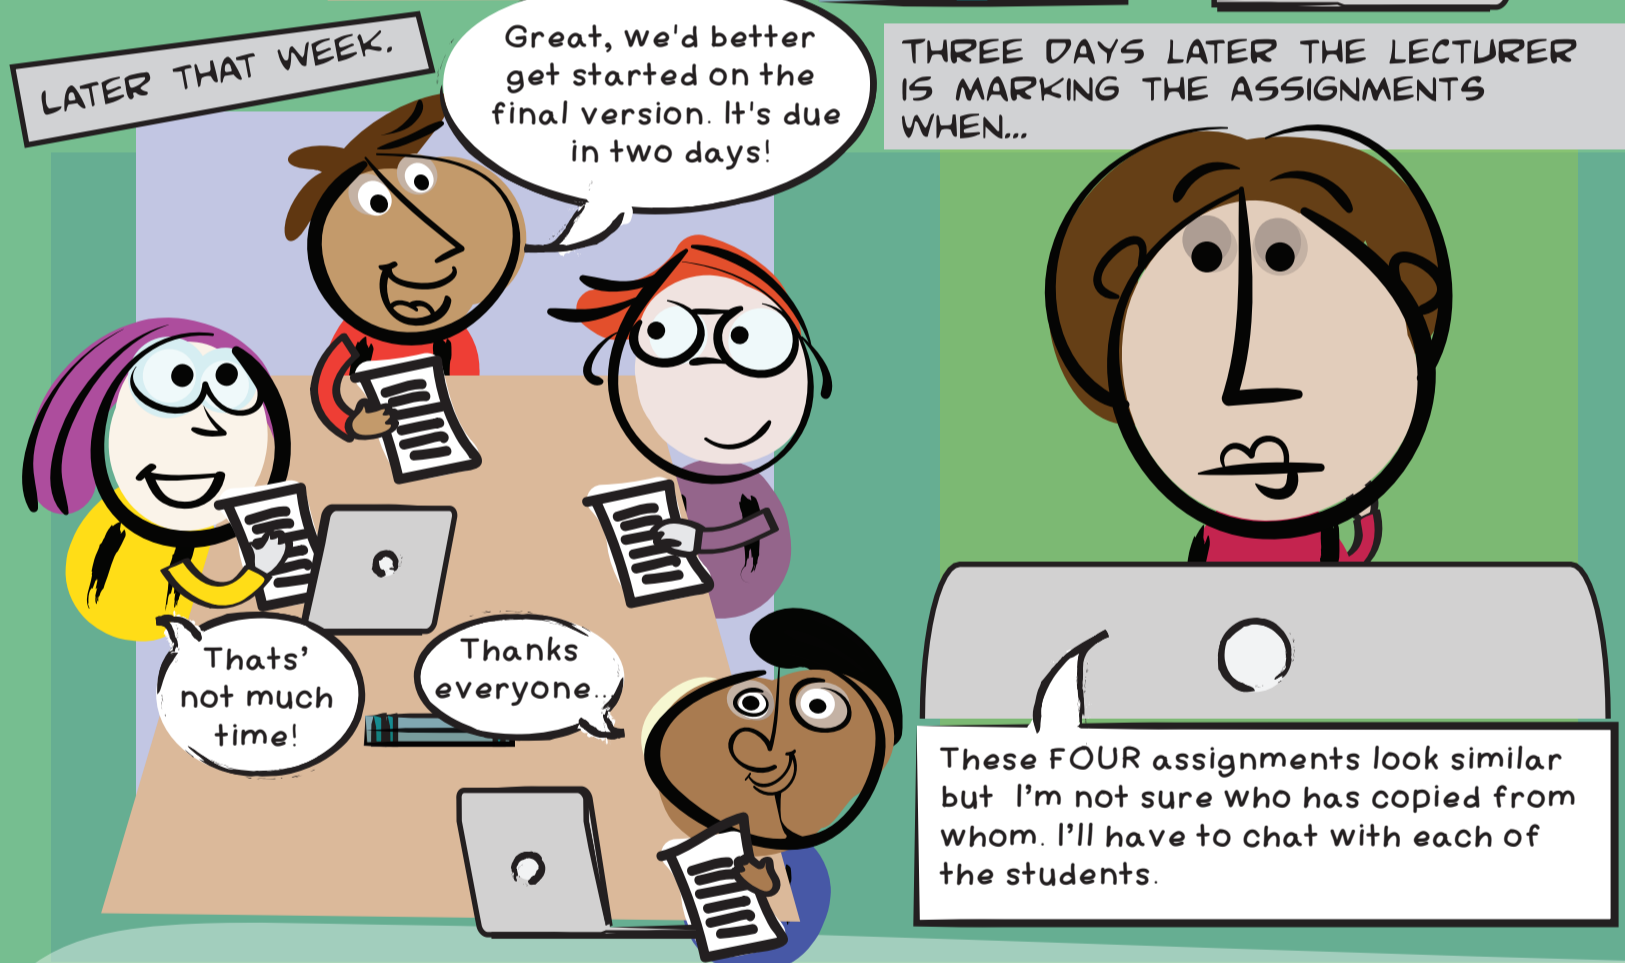

BASED ON A TRUE STORY!

STUDENT ACADEMIC INTEGRITY  
- EPISODE THREE -

CHARLES DARWIN UNIVERSITY

STUDENTS GET TO WORK, RESEARCHING AND WRITING IN THE LIBRARY...

## THE CONSEQUENCE:

The issue was dealt with by the Unit Coordinator. The UC determined the breach resulted from the students' misunderstanding and inexperience. Each student's work, which involved responses to a series of short questions, was marked taking into account the responses they submitted. Only unique answers were awarded a mark. This resulted in a fail for all students in this assignment.

We all failed this major assignment and as a result we all failed the unit. This will show up on each of our academic transcripts.
