

How to access Research Professional

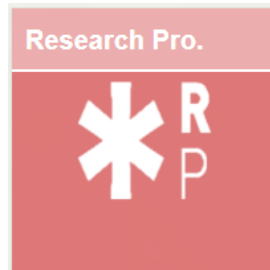

Research Professional (RP) is an online database that is designed to assist researchers to search for funding opportunities in all disciplines from a wide range of national and international funders/sponsors. RP provides each researcher with a personalised profile that uses a list of keywords and generates alerts to funding opportunities relative to their research. The Office of Research and Innovation (ORI) maintains the subscription to RP and provides free access to the RP funding and news database for Charles Darwin University researchers. You can now access your RP account through the CDU portal as per instructions below.

1. Log in to CDU portal <https://portal.cdu.edu.au>

2. Type in username and password and select login
3. If logging in from home, follow instructions on <https://www.cdu.edu.au/itms/2fa> to register your mobile device for 2FA (Two Factor Authentication) and install a One Time Passcode application. Type in one-time passcode that is sent via SMS to your registered mobile device.

4. Once in the portal, select the Research Professional Tile

5. Select “ Ask me again if information to be provided to this service changes”

The dialog box contains the following information:

- Information to be Provided to Service**
- edu:PersonPrincipalName: dkumar@cdu.edu.au
- email: deepak.kumar@cdu.edu.au

The information above would be shared with the service if you proceed. Do you agree to release this information to the service every time you access it?

Select an information release consent duration:

- Ask me again at next login
 - I agree to send my information this time.
- Ask me again if information to be provided to this service changes
 - I agree that the same information will be sent automatically to this service in the future.
- Do not ask me again
 - I agree that all of my information will be released to any service.

This setting can be revoked at any time with the checkbox on the login page.

Buttons:

6. If you do not have an account then select “create a new account.”

When you use *Research Professional, we will collect information such as your name, organisation, email address and data on your research publications and interests. This information will be used for:

Providing and personalising our services to you. Providing services that have been ordered by your institution. Monitoring and improving our services. Dealing with your enquiries and requests for support from you and your institution. Administering subscriptions including amending contact details and adding or removing users. Enabling distributed authentication. Providing information about products and services.

We use the data in this manner in the interests of providing a service to subscribing organisations and keeping users informed of relevant information relating to research policy and practice.

More detailed information on the data we use and the ways we process it can be found in our [Privacy Policy](#). If you have questions regarding our processing of your data, would like us to cease processing your personal data, or would like a copy of any of your personal data which we hold, please contact us at privacy@researchresearch.com.
