RGBD@cdu.edu.au (go back = Alt Left-Arrow)
The RGBD team is here to support you to apply, manage and report on your research and business initiatives. This is vital for financial managing and reporting, and strategic planning.

Please note that this bulletin is not exhaustive or conclusive. CDU researchers are advised to carefully vet bulletin information and to independently seek other funding opportunities.

**Highlights**

**RGBD:** CDU Pure Research Information System Information, Guides and the Login [here](mailto:RGBD@cdu.edu.au)

**The ARC and Research in the Humanities and Creative Arts**

The Executive Directors at the ARC play an important role in providing strategic policy and operational advice and outreach within the higher education and research sector. In this capacity Prof Joanne Tompkins (Executive Director Humanities and Creative Arts) is proposing to meet with Humanities and Creative Arts researchers and assessors about the assessment process and the current climate for competitive funding within these disciplines.

ARC is hoping to hold these meetings from early February to early March. Please register your interest by emailing [RGBD@cdu.edu.au](mailto:RGBD@cdu.edu.au) before 31 January 2019.

**The Heart Foundation – 2019 Funding Portfolio**

The Heart Foundation has announced the following 2019 Funding Portfolio:

The above changes will be publicised via their website from 2019. While they will communicate regularly with your institute, they recommend that for the most up to date information pertaining to their funding portfolio, and the responsibilities of awardees and institutions, you check their website at: [https://www.heartfoundation.org.au/research](https://www.heartfoundation.org.au/research).

Should you have any queries, please don’t hesitate to contact the Research Program via [Research@heartfoundation.org.au](mailto:Research@heartfoundation.org.au) or 03 9321 1581.
Australia Awards in Indonesia – 2019 Short Term Awards

Australia Awards in Indonesia aims to deliver 14-16 short term awards in 2019 (in addition to the courses from the 2018 pipeline that will be delivered in the first half of 2019).

The provider of the following courses will be determined through an open tender process. Please note that the proposed dates and focus areas are subject to change.

DFAT will identify 2-4 additional courses in May-June 2019 to be delivered in the second half of calendar year 2019. AAI will send a notification to all prospective tenderers regarding these additional courses.

<table>

</table>

The following courses are repeat courses. Australia Awards in Indonesia will directly source the providers of previous similar courses (subject to DFAT’s approval):
- Leadership for senior multi-faith women leaders
- Sustainable tourism development
- Technology start-up ecosystems
- Role of disabled peoples organisations (DPOs) in the implementation of policy reform
CDU HDR Scholarships in grant submissions

When applying for research grants, the costs associated with research scholarships can be shown as an in-kind contribution to strengthen the application.

The Australian Government RTP Stipend Scholarship provides an indexed stipend of $27,596 (2019 rate) per annum for a maximum of 2 years for a Masters by Research and 3 years (with possible 6-month extension) for a PhD. RTP recipients also receive a relocation allowance.

For more information, please contact RGBD@cdu.edu.au.

Update of Discovery Program Grant Guidelines

The ARC Program Guidelines now include the National Interest Test:

On 31 October 2018, the Hon. Dan Tehan MP, Minister for Education, announced a ‘National Interest Test’ would be introduced for applications for funding under the National Competitive Grants Program (NCGP) and that the new requirement would apply to all future grant rounds yet to open.

The National Interest Test will be applicable to the following schemes covered under the Grant Guidelines for the Discovery Program (2018 edition):

- Discovery Projects for funding commencing in 2020; and
- Discovery Indigenous for funding commencing in 2020.

Applications for Discovery Projects and Discovery Indigenous for funding commencing in 2020 are now open in the Research Management System (RMS).

- Discovery Projects applications will close at 5.00pm (AEDT) on 27 February 2019
- Discovery Indigenous applications will close at 5.00pm (AEDT) on 27 March 2019

Key dates for these schemes have been updated on the Grants Calendar available on the ARC website.
New Items

**NSW Health/ Sustaining NSW Families Program Evaluation 2018-21**
Ministry of Health
An evaluation of the Sustaining NSW Families Program.
Closing date: 22 Jan 19

**Million dollar fish impact survey**
Northern Territory Government
The tenderer will conduct a survey to measure the economic impact of the million dollar fish competition on the Northern Territory economy and local fishing and tourism operators, as well as the social impact of the competition on consumers, operators and the local community.
Closing date: 25 Jan 19

**Economic Development Framework (EDF) Performance Indicators Preliminary Study**
Northern Territory Government
The tenderer will provide analysis and recommendations on the most appropriate options for the Northern Territory Government to measure the performance of the Northern Territory’s economic development framework. The final report is due after six weeks from the contract commencement.
Closing date: 25 Jan 19

**Supply chain sustainability evaluation group impact assessment**
Meat and Livestock Australia
Tenderers will evaluate the potential or actual economic, environmental and social impacts resulting from the adoption of outputs generated by Meat and Livestock Australia’s 2015 to 2020 project investments its on-farm and off-farm supply chain sustainability programme. The final report is due by 31 August 2019.
Closing date: 25 Jan 19

**Postdoctoral fellowships – Asian research**
Harvard University
These support postdoctoral researchers conducting intra- and inter-Asian research. Fellowships each include a stipend worth USD 60,000 for 10 months and up to USD 5,000 in research and travel funds.
Closing date: 25 Jan 19

**READ panel RFQ – research services for PM&C**
Department of the Prime Minister and Cabinet (PM&C)
The Department is currently exploring public trust in Australian public services. The Supplier is required to collect, analyse and deliver a body of research on the demand for and trust in Australian public services in regional/rural/remote areas of Australia. Findings should be delivered in a comprehensive report. Question submissions by: 17 Jan 19, written RFQ responses due: 25 Jan 19. The timeframe for the provision of the Services is 25 Feb 19 to 30 Jun 19. For further information, please contact RGBD@cdu.edu.au
Closing date: 25 Jan 19

**Evaluation of justice advocacy service**
NSW Department of Justice
Tenderers will undertake an evaluation of the department’s justice advocacy service.
Closing date: 29 Jan 19
Developing a digital capability framework for the Australian agriculture sector

Cotton Research and Development Corporation
The tenderer will design the digital capability framework for the Australian agriculture workforce. The total budget is worth AUD 300,000. Projects will run between 15 February and 30 June 2019.
Closing date: 29 Jan 19

Sustainability Strategy for the Aboriginal Community Controlled Health Services Sector

Department of Health
The primary goal of this project is to strengthen the long-term sustainability of the Aboriginal Community Controlled Health Services (ACCHS) sector as a fundamental provider of Indigenous primary healthcare services. The project objectives are to:

- build the capacity of organisations within the sector to generate income and improve grant competitiveness
- support and improve ACHHSs access to appropriate claiming under the Medicare Benefits Scheme
- build the resilience of organisations to withstand fluctuations in income
- strengthen the organisational skills and capabilities of organisations to support long-term financial sustainability
- strengthen the ACCHS sector’s ongoing engagement in health system innovation and participation in regional health and workforce initiatives.

Closing date: 29 Jan 19

Community grants to support citizen science reef monitoring

Great Barrier Reef Foundation
These support collaborative projects of organisations experienced in leading citizen science activities to collect and share information on Reef health. The total budget is AUD 700,000. Grants are worth between AUD 50,000 and 100,000.
Closing date: 30 Jan 19

Conservation project grants

Foundation for National Parks and Wildlife
These support field projects and education programmes that have a direct outcome for nature conservation in Australia. Grants are generally worth up to AUD 10,000.
Closing date: 31 Jan 19

The adaption of pulses across the northern grains region

Grains Research and Development Corporation
The tenderer will generate data to understand how to better fit chickpea and lentil into existing and potential growing environments of the northern region.
Closing date: 31 Jan 19

National pest information service

Grains Research and Development Corporation
The tenderer will use available monitoring data to accurately identify pest problems and provide timely and independent management options. Services will run until 2021.
Closing date: 31 Jan 19
Northern broadacre cropping industry situational analysis
Cooperative Research Centre for Developing Northern Australia
The tenderer will identify key challenges and opportunities facing the northern broadacre cropping sector and explore potential solutions or identify the most strategic research projects for further investment. The contract is worth up to AUD 200,000 for 10 months.
Closing date: 01 Feb 19

Northern agriculture investor identification project grant
Cooperative Research Centre for Developing Northern Australia
This supports a research project that reviews and summarises the existing body of work that identifies the agricultural land capability and development opportunities within northern Australia. The grant is worth up to AUD 200,000.
Closing date: 01 Feb 19

National TradeStart Network Tender
Austrade
Austrade invites Tenders for the provision of export advisory services to businesses as part of the National TradeStart Network in accordance with this Request for Tender (RFT). The scope of requirement includes a set list of identified locations across Australia. Contracts are expected to commence on 1 July 2019 for four years with an option for a one year extension. In addition to this, Austrade is seeing Expressions of Interest (EOI) for Supplementary TradeStart Offices which may be required by Austrade throughout the proposed contract term.
Closing date: 01 Feb 19

Economic Development and Tourism Strategy
Central Goldfields Shire
Central Goldfields Shire seeks the services of a suitably qualified consultant to prepare an Economic Development and Tourism Strategy (the Strategy) that will establish a vision and action plan for growing the Central Goldfields economy (including the visitor economy). The Strategy will provide a clear economic development vision and action plan for Central Goldfields Shire that builds on existing strengths, responds to local conditions, needs and aspirations, and provides a platform for securing strategic investment and partnerships. The strategy will provide specific direction and actions for developing the Central Goldfields visitor economy (tourism) sector, highlighting investment opportunities and priorities responding to current and future industry trends.
Closing date: 01 Feb 19

Aboriginals Benefit Account (ABA) Funding Opportunity
Commonwealth of Australia
The Aboriginals Benefit Account (ABA) is funded by the Australian government for one-off grant funding (non-recurrent funding) proposals that are for the benefit of Aboriginal people living in the Northern Territory. The grant funding is broad in scope and flexible enough to support a wide range of activities, with a focus on action to achieve clear and measurable benefits for Aboriginal people in the NT. Grant funding is allocated for small projects valued up to and including $250,000, and large projects valued over $250,000. There is no minimum or maximum amount of grant funding that can be applied for under ABA beneficial grants.
Important Dates: NOI to apply – no later than Friday 03 Jan 19, Internal Deadline - Friday 18 Jan 19, External Deadline - Friday 01 Feb 19.
Closing date: 01 Feb 19
Northern Australian agriculture investor identification – EOI
CRCNA and Austrade
This consultancy is part of a wider collaboration between the CRCNA and Austrade to support the development of new agricultural activity in northern Australia.
We are seeking to do this by identifying and characterising the range of potential investors who may be interested in establishing agricultural businesses in northern Australia, and better defining their investment support and information needs.
Overall, this project aims to contribute to a range of CRCNA research efforts aimed at improving and supporting the agricultural development investment process in the north.
Closing date: 01 Feb 19

Back on Track
Territory Families
The Back on Track program is a sentencing option available to the Courts. It will provide the Courts with another option to direct young people (10-17 years) to as an alternative to detention. Police, government agencies and non-government agencies will also be able to refer young people, including those under the age of criminal responsibility (8-9 years) to the program. Existing options such as bail support services, community work orders, good behaviour orders, suspended sentences and alternative detention orders will remain. Territory Families is seeking Expressions of Interest from suitably qualified providers to contribute to the co-design and delivery of the Territory-wide Back on Track program.
Closing date: 04 Feb 19

Consultancy services to deliver international development activity for the Australian arts sector in Southeast Asia.
Australia Council for the Arts
Consultancy services to deliver international development activity for the Australian arts sector in Southeast Asia.
Closing date: 04 Feb 19

Tackling Tough Times Together (TTTT)
Foundation for Rural Regional and Renewal (FRRR)
Tackling Tough Times Together is a rolling grants program, which means that applications will be accepted at any time. Round 12 now open. Outcomes announced early May 2019 for applications received by 5 February 2019.
Closing date: 05 Feb 2019

2019 call for Research for Torres Strait Fisheries
Australian Fisheries Management Authority
The Torres Strait Scientific Advisory Committee (TSSAC) is a Protected Zone Joint Authority advisory body that that guides fisheries related research priorities, and assesses proposals for Torres Strait Fisheries related research each year. As part of its 2019 funding round, the TSSAC is making its annual public call for research applications to address research priorities identified for potential funding in 2019-20. Research funding is assessed in two stages by the TSSAC, through pre-proposals, then successful applications will be asked to submit full proposals.
Closing date: 05 Feb 19
Time to Work Employment Service Evaluation Strategy

Department of the Prime Minister and Cabinet (PM&C)
The Time to Work Employment Service (TWES) is a national in-prison employment service for Aboriginal and Torres Strait Islander people. TWES offers eligible prisoners assistance while they are in prison to help them prepare for employment on their release.
Under TWES, Indigenous prisoners will have access to coordinated Commonwealth in-prison employment services, develop an individualised transition plan and receive a facilitated transfer to their employment services provider on release. The Service is available to all sentenced, adult Aboriginal and Torres Strait Islander prisoners from around three months prior to their release.
Closing date: 06 Feb 19

Enhancing stealth of underwater vehicles

Defence Science and Technology Group
This supports research into advanced acoustic materials with the aim of reducing the acoustic signature of submarines without disrupting their operation. Funding is worth up to AUD 150,000 per year for up to three years.
Closing date: 08 Feb 19

Increasing yield potential of irrigated crops in the northern and southern regions

Grains Research and Development Corporation
The tenderer will investigate existing and novel soil management technologies.
Closing date: 14 Feb 19

Facilitated action learning groups to support profitable irrigated farming systems

Grains Research and Development Corporation
Tenderers will establish facilitated action learning groups which use a participatory learning approach to benchmark, test and validate assumptions and key learnings arising from irrigation investments.
Closing date: 14 Feb 19

Deadly teachers solid jarjums programme – Aboriginal cultural awareness, perspectives and pedagogy

NSW Department of Education and Communities
Tenderers will develop and implement a programme which supports early childhood educators in providing culturally inclusive programmes to help maximise the education outcomes of Aboriginal children. The programme is due to be implemented in early 2019 and supported throughout the school year.
Closing date: 15 Feb 19

2018 Competitive Round Call for Expressions of Interest

Fisheries Research and Development Corporation (FRDC)
The FRDC is calling for Expressions of Interest that address research, development and extension (RD&E) priorities nominated by the FRDC’s Advisory Groups. All EOI’s must be completed via FishNet. Expected Outputs and Outcomes should include a quantification of the impact of the research is the outputs were adopted such as a change in fisheries management, an improvement in the species population, increased profitability or efficiency of the commercial sector or improvements in recreational fishing experiences. A realistic budget that reflects the activity to be undertaken is to be provided. Where appropriate, applicants should demonstrate collaboration with other relevant research providers and end users.
Closing date: 15 Feb 19
National priorities pool – commissioned projects call on low socio-economic status students in HEIs
Australian Department of Education and Training
This supports activities that foster opportunities and support success in higher education by people from low socio-economic status backgrounds. Grants are worth up to AUD 380,000 each and are tenable until 30 June 2020.
Closing date: 21 Feb 19

Medical Research Future Fund Frontier Health and Medical Research Program Stage One – Research Plan.
Department of Health
Stage One supports the development of a detailed research and implementation plan that will form the basis of a Stage Two application. The research plan will cover up to five years of activity to take your idea from concept to outcome. You must demonstrate how your idea is novel and transformative, and how you will bring together multi-disciplinary research and industry partners to transform your idea into practical benefit for Australia.
The Stage One grant opportunity will fund up to ten projects. For this Stage One grant opportunity, up to $10 million is available.
Closing date: 26 Feb 19

Research update series – western region
Grains Research and Development Corporation
The tenderer will provide a detailed costed event plan to develop, manage and annually evaluate six one- and two-day Grains Research and Development Corporation grains research updates in the western region per year.
Closing date: 27 Feb 19

Research update series – northern region
Grains Research and Development Corporation
The tenderer will provide a detailed costed event plan to develop, manage and annually evaluate 20 one- and two-day grains research updates in the northern region per year from 1 July 2019 and 30 May 2024.
Closing date: 27 Feb 19

Synthetic biology future science fellowships
Commonwealth Scientific and Industrial Research Organisation
These support early-career researchers in undertaking research projects that will build Australian capacity in synthetic biology while employed at Australian host organisations. Fellowships cover three years of salary and operating expenses.
Closing date: 01 Mar 19

Linkage infrastructure, equipment and facilities
Australian Research Council
This enables higher education researchers to participate in cooperative initiatives so that expensive infrastructure, equipment and facilities can be shared between higher education organisations and industry. Grants are worth at least AUD 150,000 per year for one to five years.
Closing date: 20 Mar 19
**Discovery Indigenous for funding commencing in 2020**

**Australian Research Council**

The Discovery Indigenous (IN) grant opportunity is a separate element of the Discovery Program. The IN grant opportunity provides project funding for research projects led by an Aboriginal and Torres Strait Islander researcher.

The objectives of the Discovery Indigenous grant opportunity are to:

- support excellent basic and applied research and research training by Aboriginal and Torres Strait Islander researchers as individuals and as teams
- develop the research expertise of Aboriginal and Torres Strait Islander researchers
- support and retain established Aboriginal and Torres Strait Islander researchers in Australian higher education institutions
- expand Australia’s knowledge base and research capability

**Closing date:** 27 May 19

**Linkage projects**

**Australian Research Council**

This supports projects which initiate or develop long-term strategic research alliances to apply advanced knowledge to problems, acquire new knowledge and as a basis for securing commercial and other benefits of research. Grants are worth up to AUD 1.5 million each for up to five years.

**Closing date:** 19 Dec 19

**Asia health policy postdoctoral fellowship**

**Stanford University**

This supports a 10-month residency to undertake research on contemporary health or healthcare policy of high relevance to low- and middle-income countries in the Asia-Pacific region. Fellowships are worth USD 54,000 for 10 months.

**Closing date:** 07 Jan 20 (Forecast)

**Biomedical translation fund**

**Department of Industry, Innovation and Science**

This provides start-ups showing commercial potential with venture capital through licensed private sector fund managers to develop and commercialise biomedical discoveries in Australia. The total budget is worth AUD 501.3 million.

**Closing date:** None

**Defence global competitiveness grants**

**Department of Industry, Innovation and Science**

These aim to build a stronger, more sustainable and globally competitive Australian defence industry by supporting Australian SMEs in building export capability. Grants are worth between AUD 15,000 and AUD 150,000 each over up to 18 months.

**Closing date:** None
Coming Soon

Cooperative research centres projects grants – short term, industry-led collaborative research
Department of Industry, Innovation and Science

*** This opportunity will be available soon. The next call is expected to open in the first half of 2019. The following information is subject to change. These grants support short-term industry-led collaborations focused on developing new technologies, products and services. Grants are worth up to AUD 3 million each over three years. ***
Closing date: 13 Mar 19 (Forecast)

Australia – Indonesia partnership in disaster risk management design
Australian Government Department of Foreign Affairs and Trade

*** This opportunity will be available soon. The next call is expected to open in March 2019. The following information is subject to change. Tenderers will improve Indonesia’s management of disaster risk and strengthen cooperation between Australia and Indonesia on regional humanitarian issues. The budget is AUD 25 million for five years. ***
