Remote Funding Application
Information Sheet

Charles Darwin University offers rural and remote nursing placement opportunities in the Northern Territory. If you have an interest in rural and remote health, this is an opportunity you may be interested in.

Students who are interest in applying for a NT Remote placement may be eligible for a funding grant from Charles Darwin University. Placement of up to two weeks will attract a $500 grant and placement greater than two weeks will attract a $1000 grant.

Am I eligible to apply for the funding?

To be eligible, students must:

- Be enrolled in NUR344 or NUR346 placement units.
- Be pre-clinically compliant for the Northern Territory;

How to apply

If you have nominated for and enrolled in NUR344 or NUR346 and do not already have a placement for these units:

- Submit a 250 - 500 word statement that outlines interest in this area of nursing and how this type of placement will benefit your studies and future career. This statement must include your full name, student ID number, home state, unit code, SB allocation and where you would like to do your placement.
- Complete the ‘Remote Nursing Placements - Student form’.
- Submit the application to the Senior Administration Officer on email: nurplac@cdu.edu.au.

How do I know if I have been successful and when do I receive the grant?

Successful students will be notified of their placement though the usual processes managed by the Placement Office. Once placement is confirmed, students will be sent a form to complete that asks for bank account details. Funds are paid into your account on successful completion of the placement.

For more information please head to our website: http://www.cdu.edu.au/health/remote-placements or contact the Senior Administration Officer at the Placements Office on email: nurplac@cdu.edu.au.
