<b>Research Grants &amp; Business Development Team Contact Details .....</b>	<b>13</b>

The RGBD team is here to support you to apply, manage and report on your research and business initiatives. This is vital for financial managing and reporting, and strategic planning.

Please note that this bulletin is not exhaustive or conclusive. CDU researchers are advised to carefully vet bulletin information and to independently seek other funding opportunities.

## Highlights

**RGBD:** CDU Pure Research Information System Information, Guides and the Login [here](#)

## Research Professional

Research Professional has recently introduced Fingerprints, a new feature providing researchers with suggested funding alerts based on a profile created from their previously published work reported on Charles Darwin University's website. You will start receiving a weekly email containing selected research funding opportunities that match your Fingerprint from 5 July 2019.

Research Professional (RP) is an online database that is designed to assist researchers to search for funding opportunities in all disciplines from a wide range of national and international funder/sponsors. The Office of Research and Innovation (ORI) maintains the subscription to RP and provides free access for Charles Darwin University researchers. Research Professional is now accessible through the CDU portal. Instructions on how to access RP and how to create a RP account through the CDU portal are available at this link: [How to access Research Professional through CDU Portal \(410kb\)](#).

If you have any query, please contact the RGBD team at [RGBD@cdu.edu.au](mailto:RGBD@cdu.edu.au).

## 2019 Rainmaker Grants

We would like to once again announce that Rainmaker 2019 is live. The Rainmaker scheme aims to encourage growth in research revenue to support research activity. The scheme provides funding to support external grant and tender application preparation. It is not designed to fully fund research activity or to support independent research and scholarship.

Rainmaker will be flexible in its approach to support growth in revenue from sponsored research and innovation. It consists of 4 interconnected schemes outlined in the guidelines.

For further information on guidelines and application forms please click on the following: <http://www.cdu.edu.au/research/ori/funding>. Please note applications for Rainmaker Readiness (Scheme 2) are subject to competitive review and will be accepted when the budget amount is determined, to be announced in Q2, 2019. Please also note that the current guidelines replaces all previous versions.

Please circulate details about the rainmaker opportunity amongst your colleagues.

## New Items
