Research Integrity Advisor roles at CDU

CDU staff, students and researchers are encouraged to consult RIAs on research conduct issues and alleged breaches of the Code and CDU Research Policy, as well as regarding broader research integrity, ethics and responsible research conduct matters.

RIA roles aren’t discipline-specific and you can choose who to consult. Where possible RIA’s will maintain confidentiality, however if a research conduct issue is brought to their attention which must be reported as per the Australian Code for the Responsible Conduct of Research, the RIA will be required to raise the matter with the Research Office.

RIAs do not investigate or assess allegations, or make contact with the person who is the subject of the allegation.
