

How to check & download Java Runtime Environment (JRE) Version 8.151 from Software Centre for CDU Windows Users

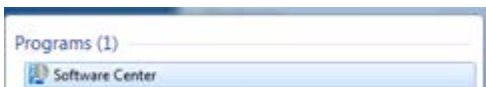

Java Runtime Environment (JRE) is required to be able to access the Callista system.

Check the computer has the compatible Java Runtime Environment (JRE).

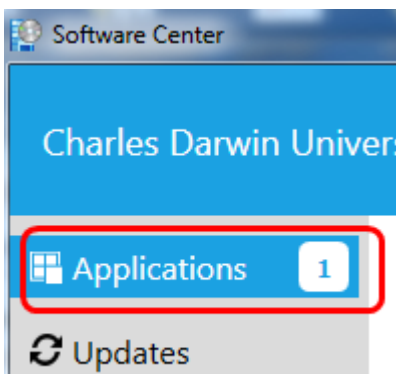

Step 1: Click the Start Menu 

Step 2: Type 'Software Center' in the Search field

Step 3: Click 'Software Center'

Step 1: Click 'Application' tab

Step 2: Search 'Java'

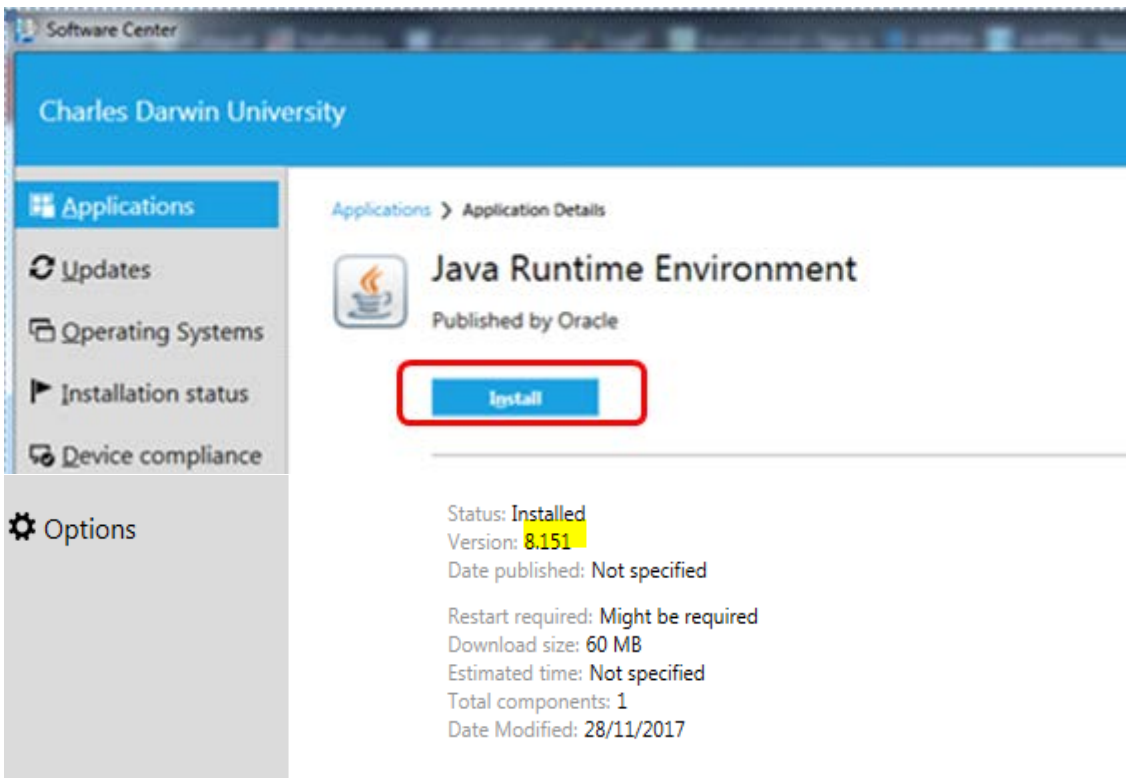

Step 3: Click 'Java 8.151' icon

Java Runtime Environment

Oracle
8.151

Java Run Time Environment Version 8.151

If it shows 'install' as shown in the above screen shot, this means you don't already have JRE installed. In this case, go ahead and install version 8.151.

Installing JRE 8.151

Step 4: Click 'Install'

To check if JRE is installed:

The above screen will now show

If the application does not successfully install, contact ITMS on ext. 6600.
